

REAL ESTATE LAW

The law of real estate constitutes a substantial fraction of all American law, and we have a dedicated team of attorneys prepared to handle any of your needs. Parker Law Firm handles commercial and residential real estate matters, including leases, landlord/tenant law, contracts for deed, sales, transfer of ownership, finance, contract review, negotiation, closings, litigation, and more.

We are well prepared to handle all transactional matters while incorporating your perspective and keeping you informed. We draft and review commercial/residential real estate contracts and other documents required for your sale, purchase, or other type of property transfer. We offer practical advice and creative solutions, whether you are buying, selling, leasing or operating real property or mineral rights in Arkansas.

You want your real estate transaction to be handled in a tax-efficient manner and we can give you coordinated real estate and tax advice. Our approach to tax matters is to give our clients both a strategic edge and a cost-efficient advantage in the highly competitive real estate market.

Together we can streamline the process of completing your real estate transaction while rigorously protecting your interests every step of the way.
